

# The Great Wildebeest Migration

Just the mention of the name 'Serengeti' conjures images in one's mind, whether real or imagined. This safari allows you to witness the very best of Tanzania.

## Wildebeest Migration Seasons:

The Wildebeest Migration in East Africa, also known as “The Great Migration” takes place between Tanzania's Serengeti National Park and Kenya's Masai Mara and is one of the greatest wildlife spectacles on the planet. Thousands of wildebeest and zebra’s migrate between the Serengeti and the Masai Mara, constantly driven by their search for fresh grazing. The massive herds are closely followed by predators (lion, hyena and cheetah), making the most of every opportunity to catch their next meal.

Safaris Itinerary

Tour Itinerary:

Day 1: Arrive, Tanzania

Arrive at Kilimanjaro International Airport, meet at the airport with our staff and transfer to Arusha town for a comfortable night's rest.

Day 2 – 3: Tarangire National Park

On day 2 you will be picked up from the Impala Hotel at 0830hrs and drive to Tarangire National Park. Spend two days exploring Tarangire, one of Tanzania's 'secret' wildlife havens... teeming with large populations of elephant, predators and their fleet-footed prey. You will spend these two nights at Tarangire.

#### Day 4: Lake Manyara National Park

In the morning after breakfast at 0830hrs transfer from Tarangire to Manyara for full day game viewing. Enter the Great Rift Valley and Manyara National Park. The lake's waters sustain a bountiful avian population, including flamingoes, as well as numerous pods of hippos. Overnight at Manyara.

#### Day 5 – 6: Ngorongoro Crater

In the morning of day 5 at 0800hrs transfer from Manyara to Ngorongoro, descend into the crater for full day crater tour. In the evening ascend the crater for dinner and overnight at the lodge on the rim of the crater. In the morning of day 6 at 0800hrs descend into the crater to observe the resident wildlife on the crater floor, at around 1300hrs you will stop for picnic lunch near lerai forest or hippo pool, then after lunch ascend the crater and walk in the adjacent rolling hills and have an opportunity to interact with the Masai at a local manyatta. Overnight in Ngorongoro.

#### Day 7 – 10: Serengeti National Park

After breakfast at 0830hrs drive from Ngorongoro to Serengeti National Park. Your skilled driver knows the Serengeti and where to locate even the most elusive of animals. Morning and afternoon daily wildlife viewing affords you the opportunity to track and photograph the 'Big Five'. You will be doing game drives while tracing the direction of the wildebeests. Spend all these four nights at the lodge in Serengeti.

#### Day 11: Depart Kilimanjaro

One last game viewing opportunity this morning and then fly back to Arusha. Relax, enjoy lunch, or shop for collectibles before your evening departure flight.

End of Tour
